Mathematics Outline 215 Presentations	4 5
Presentations on Preparation for Math One-to-One Correspondence Books - Counting Songs – 3 Little Speckled Frogs Sorting/Classification Sequence/Patterns – Do As I Do Sequence/Seriation – Bead After Bead	11 12 14 16 18 20 22
Presentations on Numeration Sets – Number Rods Introduction – First Period of 3-Period Lesson Introduction – Second Period of 3-Period Lesson Memory – Order to Order Memory – Order to Mixed-Order Memory – Concept of Larger and Smaller Memory – Concept of Cone More and One Less Memory – Concept of Two More and Two Less Memory – Concept of Greater Than and Less Than Addition – The Making of 10 Addition – The Making of ? Subtraction Counting Backward	24 25 26 26 26 27 27 27 27 27 27 28
Presentations on Numeration Sets – Sandpaper Numerals (0-9) Introduction Write - Sand Association to Numeral Cards Memory – Go Fetch Memory – Surprise and Go Fetch	29 31 31 31 31
Presentations on Numeration Sets – Number Rods and Numerals Introduction – Association with Numerals – Both Numerals and Rods in Order Numerals in Order and Rods in Mixed-Order Numerals in Mixed-Order and Rods in Order Go Fetch Symbol and Quantity Memory – Order to Order Memory – Numerals in Mixed-Order and Rods in Order Memory – Numerals and Rods in Mixed-Order Addition – The Making of 10 Addition – The Making of ? Subtraction	33 34 34 34 34 35 35 35 36 36

Presentations on Numeration Sets –	
Spindle Rods	27
Different Objects	3 7 38
Number Jumping Game	39
Presentations on Numeration Sets –	
Numerals and Counters	40
Introduction – Numeral Caros	40 41
Association – Numeral Cards and Cut-out Numerals	41 41
Even and Odd	41
Pick-up Even and Odd	41
Quantity – Even or Odd?	41
Symbol – Even or Odd?	41
Memory Game	42
Presentations on Linear Counting –	
Short Bead Stairs	
Introduction – 1 to 9 Short Bead Bars	43
Bead Design Cards	44
Presentations on Linear Counting –	
Snake Game – Search for Ten	
Snake Building – Even Number that Equals 10	45
Snake Building – Random	47
Presentations on Linear Counting –	
Teen Boards	
Introduction - Quantity	49
Introduction – Symbols (Order)	51
Introduction – Symbols (Mixed-Order)	52
Quantity and Symbol - Order	53
Random Numeral – Go Fetch Quantity	54 55
Bandom Quantity – Go Fetch Numeral	55
Making Numeral and Quantity Pictures	55
Procentations on Linear Counting	
Number Rods – Teen Presentation	
Introduction – Number Rods (Only)	56
Introduction – Number Rods and Numeral Cards	58
Presentations on Linear Counting –	
Ten Boards	
Introduction – Quantity	60
Introduction – Symbols	62
Introduction – Quantity and Symbols	
(10-90 with Ten Bars)	64
Introduction – Quantity and Symbols (10.00 with Unit Reade)	66
Making Numeral and Quantity Pictures	00 88
	00
Presentation on Linear Counting –	
100 Chain and Labels	60
	09

C	
·	

Presentations on Linear Counting –	
1000 Chain and Labels	72
Compare 100 Chain to 1000 Chain	76
Presentations on Linear Counting –	
Introduction - Order	77
Introduction – Mixed-Order	79 70
Go Felcri – Mixed-Order	79
Presentations on Linear Counting –	
Introduction – Comparison to Squared Chain/Use of Labels	80
Go Fetch	81
Presentations on Linear Counting –	
Cubing Chains – 1-10 Introduction – One through Ten	83
Complete Layout	86
Presentations on Base 10 – Decimal System	
Quantity (Golden Beads)	00
Hide and Go Seek	88 90
Relationship of Materials	92
Complete Layout Go Fetch	94 97
Presentations on Ress 10 Desimal System	
Symbol	
Introduction – 1-10-100-1000	99
Go Fetch	101
Presentations on Base 10 - Decimal System	
Quantity and Symbol	
Introduction Birds Evo View Lavout	105
Crisis of Ten	107
Go Fetch - Symbol	111
Go Feich - Quantity	114
Presentations on Base 10 – Decimal System Formation of Numerals	
Introduction	117
Presentations on Golden Beads Addition	
Introduction (Static)	119
Introduction Elementary (Static) Regrouping (Dynamic)	122 125
3 or More Addends (Static/Dynamic)	128
Addition & Multiplication – Regrouping (Dynamic)	131

Subtraction	
Introduction (Static)	132
2 Subtrahends (Static)	135
Regrouping (Dynamic)	136
Remainder of One (Dynamic)	139
Regrouping-Subtraction & Division – Presentation Order	142
Multiplication	
Introduction (Static)	143
Multiplication Sign	146
Regroup or Exchange (Dynamic)	148
Order of Presentation	149
Product as Zero	150
Division	151
Division Sign	151
Begroup or Exchange (Dynamic)	156
Remainders	158
2-Digit Divisor	159
2 5.9.1 5.1.60.	100
Presentations on Stamp Game	
Introduction	162
Formation of Quantity (Stamps)	164
Addition	165
Regrouping	167
3 Addends	169
Checking Work	170
Subtraction	1/1
Regrouping	175
2 Subtratienus Chocking Work	175
Multiplication	170
Bearouning	179
2-Diait Multiplier	181
Division (1-Digit Divisor)	182
Regrouping	184
Division (2-Digit Divisor)	185
Zero in Dividend	187
Zero in Divisor	188
Zero at the Unit of Divisor	189
Group Division	190
Duccentations on Adultion	
Addition Dot Boord	101
Multiple Addends	10/
Multiple Addenus	134
Addition Bead Frame	
Introduction	195
Golden Beads	196
Notation Paper	198
Reading & Writing Numbers	201
Addition	202
Addition – Regrouping Activity	204
Addition in Columns Activity	205
Subtraction	206
Subtraction - Regrouping	208

Addition Strip Board	
Introduction Booklet Equation Control Chart 1	209 211 213
Combination of Numbers – Control Chart 1 & 2 - Recording	215
Combination of Numbers with Zero	218
Addition Control Chart 2 – Doubles of Numbers	220
Addition Working Chart 3 – Doubles of Numbers	224
Addition Working Chart 4 – Half Table	226
Addition Working Chart 5 – Simplified	228
Oral Memorization Game – Equation then Sum Oral Memorization Game – Sum and Possible Equations	230 232
Addition Snake Game	234
Addition Colored Bood Pere	
Memorization of Addition	236
Commutative Law	238
Multiple Addends	240
Addends Larger Than 10	242
Exchanges Associative Law	244
Parenthesis	250
Parenthesis in All Positions	253
Two Parentheses	255
Three Addends	257
